

YOUTH PRAISE REPORT

Labor day's youth gathering was pretty amazing. We had fun with different activities like sack racing, jump roping, tug of war, and basketball. We got to work as a team and saw some new faces. The youth's reaction was phenomenal! It shows that when you are in Christ, there is no limitation and that you can have fun while in Christ.

Jesus Christ was the winner of all the games. We had fun with the love of God surrounding us. Our youth show "STAY FOCUSED" was also taped on labor day's gathering. We spoke to some youth and heard their opinions on various topics. There's no other place you would rather be than in the presence of the Lord!

Youth Responses :

"Our youth group is growing and it's a blessing. All of us are together, united as one, and we are getting to know each other better. I tried to play basketball, but I didn't succeed. I'm going to stick to what I love doing the most, which is worshipping God." -Milca-

"I feel like God is working with the youth miraculously. We are the next generation and we are going to spread in different areas of the world.

BOTH YOUNG AND OLD are all going to catch the vision!

The word fun in Christ to me is a reassuring peace, and there is a difference in you once you come to Christ. You will know what I'm talking about. It's that peace that's in you. It will get you through your trials, tribulations, and you'll have more confidence. Let me tell you something, you can conquer anything through Christ who strengthens you. Even through those tears in your eyes (rolling down your face). No matter what happens you know that God's love is always around you. It feels great knowing that I'm not in control of my life. It's a blessing to know that you are not in control your life .

Psalm 98: “Sing a new song to the Lord for He has done wonderful deeds. His right hand has won mighty victory; His holy arm has shown His saving power! The Lord has announced His victory and has revealed His righteousness to every nation!

8– Let the rivers clap their hands in glee! Let the hills sing out their songs of joy before the lord.”

“Fun to me means having a good time with others. I had a great time on Monday, this labor day, because I got to fellowship not only with friends, but even with people I didn't know.” -Jeff-

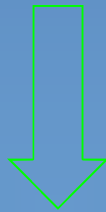

Labor day was a blessed day. I enjoyed it! To me it was a time to bring souls to Christ. Fun is interacting, relaxing, and fellowshiping with others. The youth is growing. Back in the days, there were a few of us, but now there are many more of us now. God is working through us. We do a lot of activities with each other like, preaching the word of God to the lost souls, going on missions, interacting with each other. My friends brought guests with them, we didn't win those souls yet but our seed will reap in them .The best part was playing and fellowshiping with the new people and new souls .

Labor day was fun. It feels great to be able to play around with the big kids, being a young kid in Christ is very fun. Even though people may say kids are to playful, that's not true !

I know that music in the world out there is very bad. They are not good, the melodies bring people to hell. The best music is played by Jesus Christ, not watching TV shows on Disney channel. Kids should go out and wins souls because when judgment day comes I don't want to see nobody go to hell .

Oh, yes it was fun. I liked the fact it kept us off the streets and we were getting to enjoy activities together, instead of doing things that's not good for us. The youth is growing rapidly, what I learned is not to walk in the flesh but in the spirit. The reaction that I seen on the youth faces was very good. They were so full with excitement and they were in happy mood and also we were bonding with each other. I want God to move in the youth ministry, to blessed us with a youth center, there is only one word that can describe our youth is Outstanding .

-Mike-

It was fun, I meet a lot of new people. The word fun to me means to enjoy life. God is using the youth every day. To be young in Christ is all about knowing Christ. The youth have an opportunity to seek God and what to love about being a youth in Christ. I want God to bless us with our youth center, I want him to help us win more souls and all the people to stay focused on God. We are the next generation and we have to step up and represent Him. There would be no life without the God, and I want us to work for God . -Adad-

I had a good time. It was nice to be able to play basketball and other games with the youth all together. There was very good interaction, we had new guests at the gathering. It was wonderful to see newcomers learn about fellowship in Christ.

It was magnificent, we brought a lot of unbelievers. It was lots of fun, I can see a lots of changes in the youth. As we try every day to keep our fire, also with a lots of things being exposed God taught us how to fight the enemy. We've learned how to come against the anti –Christ spirits and the worldly music. I believe God is going to make more changes in the youth and being a youth in this ministry is a privileged which means that you still have time to fix your mistakes. What God did for me was amazing, and it's a privileged to serve the Lord. We must support the work of God. To all the readers and youth out there you never know when Jesus Christ is coming back soon and your time is up it's time for you to seek God, turn away from your bad ways .

It was fun, I had a great experience fellowshiping with new people that came to Christ . The word fun to me is a moment were you can enjoyed yourself, a time of peace.

The youth itself is really growing, their our so much new people, new souls coming to Jesus!!!. Being a youth to me in Christ is almost like being in training and being developed to bring more soul to his kingdom. You will be able to see Gods will and his plan for your life. All you readers and youth out there I would like to say, only with Christ you can be able to walk through your pathway of life and only with God you can get through situations in life.

“Stay focused on the Lord ,stay focused on Christ”.
